

VIRTUAL

VIRTUAL GENEALOGY GETTING THE MOST OUT OF YOUR SEARCHES

Tuesday, October 26 | 7pm
ZOOM

Join local genealogist as she guides us through **Getting Better Results with Genealogical Searches**. When you join this virtual ZOOM class, you will gain an understanding on how site searches and digitized collections work. It's not only where you search, but how you search. The class will guide you through expanding family searches and ancestry searches. You will find that both have more than you are currently finding. She will also cover techniques for searching books and newspapers in addition to tips on how to improve online searches.

Once you register for this class, a ZOOM link will be sent to your email address.

This program is made possible by the
Friends of the Erie County Public Library.
